Welcome to the FDMC Brooklands Autosolo, a chance to get started in 2021. Brooklands is the world's first purpose-built motor racing circuit, built by local landowners Hugh and Ethel Locke King on 330 acres of farm and woodland on their estate at Weybridge in Surrey. Racing commenced in late 1907.

READ ALL OF THIS BEFORE YOU CONSIDER ENTERING:

This is a special circumstances event that takes place as Motorsport UK begins to "Get Back on Track" during the Covid-19 Pandemic. We wish to run a good event, while staying safe for all too.

Advice from UK Government, Motorsport UK and Public Health England/NHS will be monitored prior to the event. Expect changes to the event organisation and format as a result of newer or more recent UK Government announcements, guidance and regulations etc.

The venue is an open-air area within the Museum grounds.

Catering is indoors and Face-coverings / Masks are mandatory in this restricted catering area to help limit numbers and queues while respecting social distancing too. Masks may be removed while seated and eating. Toilet facilities indoors are available too.

The numbers expected at this event are a circa 60-70 for a full entry. This number is reasonably small and deemed reasonably acceptable. The Museum will be open as normal and there will be circa 2-300 general public attending the museum at the same time too.

Those attending are normally fit and healthy for the tasks required.

The final instructions to drivers and volunteers and marshals will contain the latest health message and event cancellation will always be an option.

This will be a paperless event in order to minimise any potential virus transmission.

For this special event we are using part of the Brooklands finishing straight and lower part of the banking. Entry to the event will allow drivers access to this premier motorsport and aviation museum. You should make time while attending the event to also visit some of the museum attractions, which is included in your entry fee.

The location of the "Campbell" entry gate is off the Brooklands Road, Weybridge, near to KT13 0QU and should be indicated on the day by an orange arrow.

Invited clubs are listed in these regulations, or if joining FDMC to enter, there's an application form on our [website](#), to be submitted with your entry. And there's a reduced entry fee for drivers under the age of 21 – see Section 9. This event is not a round of the ACSMC Autosolo Championship.

The closing date for entries is noon on Monday 31st May.

The exhaust silencing requirements in Section 5, **will be strictly** enforced.

We look forward to seeing you on the 5th of June, and with the continuing popularity of these events, recommend entering in good time beforehand.

A noise test may be conducted on specific cars in accordance with GR J5.18.

Cars eligible for Class A shall run in that class, rather than in the corresponding class from B to E, but must also meet the **Additional Eligibility Requirements** as for classes B to E, as stated below.

At any time during the event, **no tyre** in the view of the officials deemed to have damage to the side walls, or no tread pattern remaining, or any layers below the tread compound showing may be used, and shall be replaced with suitable tyres before further participation in the event.

Additional Eligibility Requirements, Classes A to E:

In classes A to E, cars must retain the original panel and window materials although accessories such as spoilers and wheel arch extensions may be added. They must have full trim and the original number of seats fitted although the type may be changed. The engine must be from the original manufacturer and of the original basic type (eg: BMC 'A' series) and fitted in the original position, but may be a different version, may be modified, and may be a different capacity, provided the car is entered in the class corresponding to its actual capacity. The transmission must also be from the original manufacturer and of the same basic type, but ratios and differential type can be changed, including fitting a LSD.

Cars not meeting all the above requirements are eligible only for Class F.

The organisers' decision will be final, regarding the eligibility and most appropriate class for any particular car.
